PROFESSIONAL SUMMARY

Final-Year BICT Software Technologies undergraduate with hands-on experience developing and testing full-stack applications using React.js, Node.js, Laravel, REST APIs, and relational and NoSQL databases. Experienced in backend and frontend development, API integration, testing, debugging, Git-based workflows, and SDLC practices. Familiar with cloud technologies and AI concepts, with strong problem-solving, adaptability, and teamwork skills.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, PHP, C#, SQL

Frontend: React.js, Next.js

Backend: Node.js, NestJS, Laravel, REST APIs

Databases: MySQL, PostgreSQL, MongoDB, SQLite

Software Development: OOP, MVC Architecture, REST APIs, SDLC, Authentication, Database Design

Testing & Tools: Git, GitHub, PHPUnit, Postman, Manual Testing, Docker, VS Code

Cloud & DevOps: Microsoft Azure, AWS, Linux

PROJECTS

StyleCart – Full Stack Fashion E-Commerce Platform

[GitHub](#) | [Live Demo](#)

Software Engineering Project | May 2026 – July 2026

Laravel, React.js, REST API, MySQL

- Developed a full-stack e-commerce application using React.js, Laravel REST API, and MySQL.
- Implemented authentication, product management, shopping cart, checkout, and order processing features.
- Developed and integrated frontend and backend components using REST APIs.
- Tested, debugged, and resolved application issues using PHPUnit and Postman.

Cloud-Based Vehicle Rental Management System

[GitHub](#) | [Live Demo](#)

Cloud Software Application | January 2026 – March 2026

Laravel, PHP, Microsoft Azure, MySQL

- Built a Laravel-based vehicle rental system with authentication, CRUD, and bookings.
- Designed and implemented MySQL database models using MVC architecture and Eloquent ORM.
- Deployed on Microsoft Azure App Service with email notifications.

Mobile & Desktop Applications

[GitHub](#) | [Live Demo](#)

C#, .NET Framework, Flutter, Dart, Firebase, SQLite

- Collaborated with team members to develop mobile applications using Flutter, Dart, Firebase, and SQLite
- Developed C# Windows Forms applications using OOP, validation, and exception handling.
- Participated in testing, debugging, and improving application functionality.

EDUCATION

South Eastern University of Sri Lanka

2022 – 2027

Bachelor of Information and Communication Technology (BICT)

Specialization: Software Technologies

CERTIFICATIONS

- AWS Academy Graduate – Cloud Web Application Builder (2026)
- Cisco Networking Academy – Python Essentials 1 (2026)
- AWS Academy Graduate – Cloud Foundations (2025)
- AWS Academy Graduate – Generative AI Foundations (2025)
